Camtasia is a tool that allows users to record their desktop as well as capture videos for PowerPoint presentations. While capturing desktop activity can be done as a video or a screen recording, and both are available, Camtasia only offers screen recordings. Camtasia requires an Intel Core 2 Duo processor or higher, 2 GB of RAM, a 16 GB hard drive space, and Windows XP or Vista (32 or 64 bit). While Windows XP requires at least SP2 and Vista requires SP3, the software can work on Windows 7 too. Southend Borough Council revealed the plans for the park in the Bensham Road area on Tuesday. It said the park would be built on land next to Wasteful Farm which used to be run by a company called the Highways Agency but has been sold. The council said the park would cost £1.5m and it would be funded by the community. Chair of the council's youth and community committee, Councillor Keith Griffin said: "We need more places where the kids can come and do the things they love. "We have got a beautiful green belt down here and a lot of young people use it so I hope this becomes a bit of a landmark." He added that he did not know if this was the first skate park ever to be built in Southend. image copyright Harry Long image caption The skate park will be next to the town's Wasteful Farm Pamela Hart, from Ermingtons Skateboard School, which is next to the new park, said: "We need somewhere to store and repair our boards. "I just hope they make it look as good as
