I have Aspire 8.5 and VCarve 8.5, and tried to open a file in VCarve. The error message says that M3D is unable to open the file and asks if I want to open a different file. When I try to open another file I get another message that says that the DLL (I think that's the name) file is not found, and to install the file. The file has installed successfully, but when I open up Vcarve 8.5, I get an error message that says that the file is not found. Any advice would be great. Thanks so much! I'm not using your recommendations. I'm just using the trial version of Aspire 8. Vectric Aspire 8.5 Serial Key Download Mar 22, 2018 I upgraded a previous version of Vectric from Aspire 7.0.2 to Aspire 8.5 and now in addition to the following items I can't get the tools in the carving tool panel to work. They are not listed in the list of tools. I got the photo feature in the cut2d tool ( as my first project), but I cannot get the feature to let me carve with that tool. I'm an Aspire novice. All the same, I upgraded from another software package and it worked flawlessly. I can't connect the terms of your package with my Aspire 7 and Aspire 8.5 so I'm unable to upgrade. What to do? Not sure how my mistake was but I had saved up some money so now I'm
