Iris Chang writes about the struggle of identity in a post-9/11 world. Her theme is the black-and-white prison of American culture, and she illustrates it through the story of her Chinese-American parents. Her father, a diplomat, was suspected of being a spy for the then-Chinese Communist Party. Her mother and three siblings were interned at a relocation camp, where Iris was born in 1938, and sent to a boarding school to be raised by an aunt who hadn't seen her parents in years. Salon Iris has thousands of different elements and workspaces to make your salon an easy to use and very attractive solution. You can even add your own logo and put it on your salon iris tickets. I imported all my inventory from the original salon and brd shop software. It is so easy to import data with salon iris and get the production software. In fact the import of inventory is standard in this program. I have literally spent hours making sure that my inventory is right in the new studio software. You have to be careful not to lose data because of all the differences between the salon iris software and the brd shop software. The new salon iris software allows the advanced user to customize their software to their liking and make it look the way they want it to. In salon iris, you can customize your workspaces, store colors, and even set your own ticket types. You can also buy, rent, or license salon iris sites. One of the best features of the salon iris software is the new employee screen. This is an excellent feature that allows your employees to see their schedules, their tasks, and their time for the day. The new employee screen also allows employees to see their schedules and to log in to their time.
